Dear Shona

Your assistance last Thursday in the inauguration ceremonies for Stonehouse New Town contributed greatly to the occasion.

It is very fitting that you should have been able to accept our invitation to formally plant the tree in the village park. The New Town of Stonehouse is looking to the future, a future which you, as a representative of youth, will inherit.

The development corporation have asked that our appreciation to you should be expressed in a more fundamental form. Accordingly, you will understand when you receive by separate post a token of the corporation's appreciation.

Thank you again.

Yours sincerely

Iain A C Brown

Public Relations Officer
